**Premier 100 C-Wrap Food Labelling System**

# Premier 100 C-Wrap Food Labelling System

## Description

The Premier P100 C-Wrap has been designed at the request of the meat packing industry to enable multi-pack stacking and eye level shopping to encourage easy label reading.

The P100 C-Wrap will label top, three panel and full wrap packs and at a speed of up to 60 packs per minute using either fixed or catch weight systems.

The applicator features quick release fittings to enable the label reel to be quickly and easily re-loaded to ensure minimum production down time

The conveyor features easy to adjust product guides and quick change food quality transport belts. An optional integrated pack turner is also available with this unit.

## Features

- Modular design
- No change parts required
- LCD Colour touch screen
- Capable of operating up to 60 cpm

## Options

- Thermal transfer/hot foil coder
- Pack turning unit
- Low reel detector

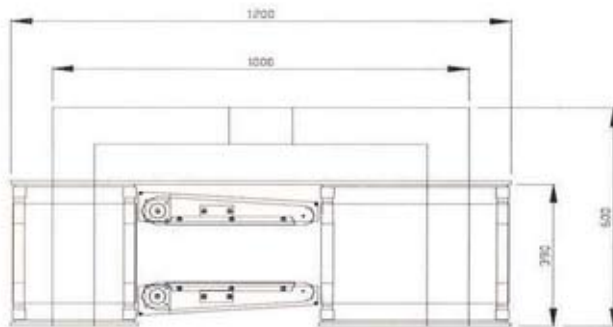

## C-Wrap Applications

Three panel, full wrap and top label packs can be easily accommodated by the C-Wrap including chicken, beef, pork in a variety of pack types and sizes. The C-Wrap can be used as a stand alone machine or fully integrated into your production line.
